

## RE-AMP 2022-2024 Strategic Priorities 2022 Focus Areas

### **Transportation**

Enabling people to get where they need to go without having to drive as much, and making all transportation options cleaner. Main areas of focus for 2022 are:

1. Leveraging local climate plans to ensure transportation and land use planning enables people to get where they need to go without having to drive, and makes all transportation options cleaner.
2. Increasing access to transit. This includes leveraging federal funds for transit investments; improving route locations; decreasing or eliminating fares; decriminalizing fare evasion; implementing transit ambassador programs.
3. Pushing for moratoria on highway expansions, and ultimately decommissioning many urban highways to reconnect communities and improve quality of life.

### **Buildings**

Getting fossil fuels out of buildings to ensure affordable, healthy, comfortable places to live, work, play, and pray. Main areas of focus for 2022 include:

1. Energy efficiency policies and measures that center the needs of low-income and BIPOC communities
2. Inclusive financing for energy efficiency and clean energy
3. Equitable building electrification

### **Agriculture**

Supporting food and agriculture systems that nourish the land and pull carbon from the air. Main areas of focus in 2022 include:

1. Elevating promising models of regenerative agriculture from around the Midwest with an emphasis on supporting young/BIPOC farmers
2. Eliminating CAFOs
3. Capping methane from agricultural systems
4. Working collectively on the farm bill

### **Energy Democracy**

Investing in community-driven solutions to create energy system transformation toward clean and democratically owned energy.

Main areas of focus in 2022 include:

1. Building and taking back member power in Rural Electric Co-ops
2. Liberating people from utility debt
3. Working against corporate monopolies in energy markets
4. Supporting models for democratically controlled and locally produced clean energy

### **Integrated Voter Engagement**

RE-AMP 2022-2024 Strategic Priorities  
2022 Focus Areas

Ensuring people have access to and participate in democratic processes. Main areas of focus in 2022 include:

1. Expanding BIPOC and climate leadership in decision-making arenas related to our other four strategic priorities (e.g. Rural Electric Co-ops, transit agencies, etc.)
2. Building capacity for grassroots influence on public officials and ensuring decision makers are held accountable
3. Supporting get out the vote, voter registration, and opposing voter suppression efforts
