

Program Manager Opportunity for the RE-AMP Network

General Overview

The RE-AMP Network is a collaborative network of over 130 nonprofits and foundations across nine Midwestern states working to equitably eliminate greenhouse gas emissions in the Midwest by 2050.

Our mission is to set collective strategy and enable collaboration on climate solutions in the Midwest. We envision a Midwest in which we all have access to the energy we need to live, move, work and play; and where we produce and use it in an equitable and just way that protects our health, wellbeing and environment. We work to create a Midwest where those who are most impacted from energy production and consumption are centered in those decisions.

Position Overview

The RE-AMP Network seeks a full-time Program Manager. We're looking for an energetic self-starter who can bring in new ideas and is a team player. The position consists of two main responsibilities:

Program management (75%): We are looking for someone who can lead our collaborative efforts in two program areas. One of those program areas will be **buildings**, specifically getting fossil fuels out of buildings to ensure affordable, healthy, comfortable places to live, work, play, and pray. Particular areas of focus are likely to include 1) energy efficiency policies and measures that center the needs of low-income and BIPOC communities; 2) Inclusive financing for energy efficiency and clean energy; and 3) equitable building electrification. The other program area that the program manager will lead will be one of the following, based on the background and preference of person who fills the position:

- **Transportation:** Enabling people to get where they need to go without driving everywhere, and making all forms of transportation cleaner. Particular priorities include 1) leveraging local climate plans for clean and equitable transportation; 2) increasing access to and use of transit; and 3) establishing a moratoria on highway expansions and retiring certain urban highways.
- **Energy Democracy:** Investing in community-driven solutions to create energy system transformation toward clean and democratically owned energy. Particular focus areas may include 1) building member power in rural electric co-ops; 2) liberating people from utility debt; 3) working against corporate monopolies in energy markets; and 4) supporting models for democratically owned and locally produced clean energy.

Internal Network Support (25%): All staff contribute to planning our Annual Meeting and other events. We also share responsibility for things like annual member surveys, steering committee meeting preparations, and staffing ad hoc committees. Additionally, this position will focus on internal communications such as our monthly newsletter.

Position may be located anywhere in the nine state RE-AMP region, which covers Illinois, Iowa, Kansas, Michigan, Minnesota, North Dakota, Ohio, South Dakota and Wisconsin.

This position reports to the Strategic Director.

Compensation

The compensation for this position is \$48,000 and includes health care, dental, and generous paid time off.

Qualifications:

- Strong organizational skills
- Excellent communication skills
- Ability to work independently within a team
- Outreach or organizing experience
- Strong skills in Microsoft Word, Excel

- Creative problem-solver

Preferred

- Experience working in the nonprofit sector
- Project management experience
- Research experience

If interested, please send cover letter, resume, and a writing sample to info@reamp.org. Deadline to apply is July 26, 2022.

RE-AMP is an equal opportunity employer, and we value having staff who come from communities that are most impacted by our issue. We especially encourage Black, Indigenous, and other People of Color, LGBTQ people, transgender and gender non-conforming people, and people with disabilities to apply.
